

Mission Statement

Beal City Schools, in harmony with home and community, will educate our children in a positive environment that meets individual needs and goals in order that all students successfully excel in their future vocations and life path.

District Vision Statement

Our students are excited, responsible learners who are encouraged by home, school, community, and place of worship. As leaders, they are fully confident that they will graduate well prepared to meet the challenges and high expectations of the 21st century. As successful, life-long learners and productive citizens of high morals, they work to their fullest potential to make a positive difference.

Our children begin their discovery of knowledge in a nurturing family environment. Our school and families work in harmony to provide a safe, supportive, and challenging learning experience. Our premier educational team enthusiastically embraces innovative teaching methods and high standards of performance. Our schools are the central point of learning. Using the latest technology, the world is truly our classroom.

Our school district and community are committed to high expectations and high standards. We proactively work together to provide skills, knowledge, and resources thus ensuring a fully supportive environment for excellence in education for all stakeholders.

Belief Statement

We believe our children can learn.

We believe in creating independent, life-long learners.

We believe all children deserve equal opportunities and treatment.

We believe in promoting a positive self-concept.

We believe it takes a community as a whole, to educate a child, and encourage parental involvement and participation.

We believe in ensuring a safe and positive learning environment.

We believe in and encourage diversity.

Board of Education four District Goals in three key areas of focus

Student Achievement and Accountability for all students:

We will provide the opportunity for all students to show academic and personal growth with individual grade level NWEA scores expecting 80% of our students to be at grade level or above by the end of each school year, emphasizing high standards and encouraging social and emotional learning.

Students at BCPS will increase their confidence and emotional health with peers and community members. Progress toward this goal will be measured by a 5% reduction in referrals to the counseling department for mental and emotional health concerns. Or (continuing to increase the mental and physical health programs we offer through our counseling department.)

School District Sustainability

We will continue to plan for future success of the school district by focusing on facilities, finance, personnel, security, technology and physical and mental health annually reviewing the needs of these areas of focus.

School District Public Relations

Promote our physical campus and Aggie brand of "small school environment while still allowing a wide offering of programs." This will be measured by student retention, additional program offerings and maintaining our levels of school of choice.

To achieve these goals our strategies include:

Academics

- Increase class offerings (remedial, vocational, traditional & online) including Dual Enrollment and Early Middle College.
- Continue to evaluate class structures, schedule, and size. Encourage Vocational Education CTE programming.
- Implement multi-tiered systems of support to provide students additional support and services who need it.
- Continue using Senior portfolios, exit interviews, and volunteer hours as Graduation requirements.
- Sustain the use of the NWEA & SAT assessments to help assess students and to drive instruction.
- Sustain the use of grade level and content collaboration to review data from our data warehouse to guide instruction.
- Increase participation in academic and extra-curricular activities.
- Increase the number of graduates enrolled in military, junior/community colleges, technical schools, and/or universities or directly entering the workforce.
- Increase partnerships with post-secondary institutions.

- Implement or continue to use the most up to date research based curriculum, programs, strategies, methods, tools and interventions for a variety of learning styles.

Arts

- Promote the Arts to increase student involvement.
- Provide an Arts programming at an earlier grade level.
- Expand performance opportunities in the Arts.
- Increase Cultural & Diversity Awareness with the Arts.
- Promote how the Arts are linked to academic rigor.

Athletics

- Encourage male and female multi-sport athletes.
- Encourage cut-sports to maintain larger rosters.
- Continue to review our athletic programming to see if there are any ways to increase opportunities for our student athletes
- Continue to review our Eligibility Policy to keep kids involved in athletics while emphasizing and modeling academics first.
- Continue to find ways to limit individual fees and team fundraising.
- Create Study Hall and/or tutoring opportunities before and/or after practices.
- Create an academic/athletic varsity letter award.

Facilities

- Bring the school building up to the modern standards as far as public expectations and building code.
- Maintain the school on the forefront of energy efficiency while using the most cost effective products.
- Provide a well maintained clean building that promotes a healthy, safe, secure and productive learning environment.
- Provide a simplified grounds maintenance plan that maximizes our land use and promotes a beautiful exterior environment for school and community use
- Annually review/revise the district's 10-year capital projects plan.
- Begin planning for the District's next Bond issue.

Finances

- Use district funds efficiently and effectively to maximize student achievement
- Use technology efficiently and effectively to help reduce costs.
- Maintain a healthy fund equity of 25% or more.
- Maximize grant opportunities.
- Maximize student enrollments from our area.
- Provide more resources to the community (i.e. open gym, catering services, technology use, etc.).

Security

- Update camera system (Building & Buses). Implement new transportation software to track busses and student.
- Update Emergency Plan and provide ongoing PD on Emergency Training (ALIC, BERT, CPR First-Aid, AED)
- Continue to use the digital phone system and mass communication system for better communication with stakeholders. Continue to use classroom door locks, door numbering system and the Secure Mode entry procedures making all doors accessible via RFID fobs only.

Technology

- Provide our staff & students with an infrastructure (hardware and software) that facilitates learning through the use of technology
- Provide professional development opportunities that will assist with integrating available technologies into the curriculum.
- Provide our staff and students with ongoing training and support with district technology resources such as our One to One Chromebook intuitive
- Increase cybersecurity awareness and proficiency among all students and staff members.

Physical and Mental Health and Wellness

- Provide nutritious cost effective meals to our students to nurture their minds for learning
- Promote healthy options through smart snacks and fundraisers.
- Promote exercise and fitness to students and staff.
- Continue to educate students and staff about health and wellness.

Parent Involvement & Communication

Increase parenting workshop opportunities.
Increase parent participation at school

Board members will attend at least 5 school events per year.

Create activities within events to include new people who would not come otherwise.
Engage family & community in school activities.
Continue building strong partnerships with business, industry, and other educational institutions.
Students and staff recognition programs such as students and staff board presentations, student and staff members of the month, and personal notes from the board.
Maintain small school feel while increasing student enrollment.

More specific methods & tools will be used at the building along with these strategies to achieve these goals.
