

PHYSICIAN REFERRAL FORM / CONCUSSION

Athlete's Name _____ Date ____/____/____

Sport(s) _____ DOB ____/____/____ Grade _____

Physician Diagnosis _____

Return to Play (RTP) Sport Recommendations

- No physical activity at this time.
- Proceed to Neuro-Psych Testing (if applicable).
- May begin RTP when Neuro-Psych testing results return to baseline.
- Initiate RTP today starting at stage _____.
- Follow up visit required prior to final return to full competition clearance.
- May return to full competition on ____/____/____ if successfully completes RTP protocol.

Return to Learn (RTL) School Recommendations

- No restrictions at school.
- No gym class at this time.
- Out of school at this time
- Refer to RTL reference guide for symptom guided academic strategies. Below are key symptoms the athlete is currently experiencing.

How do you feel? The athlete should score themselves on the following symptoms, based on how they feel at the time. (i.e. 0 = not present, 1 = mild, 3 = moderate, 6 = severe)

Headache/head pressure	0 1 2 3 4 5 6	Feeling slowed down	0 1 2 3 4 5 6
Nausea/vomiting	0 1 2 3 4 5 6	Sensitivity to noise	0 1 2 3 4 5 6
Neck Pain	0 1 2 3 4 5 6	Sensitivity to light	0 1 2 3 4 5 6
Drowsiness	0 1 2 3 4 5 6	Visual problems/blurred vision	0 1 2 3 4 5 6
Balance problems	0 1 2 3 4 5 6	Sleeping more than usual	0 1 2 3 4 5 6
Dizziness	0 1 2 3 4 5 6	Sleeping less than usual	0 1 2 3 4 5 6
Fatigue/low energy	0 1 2 3 4 5 6	Trouble falling asleep	0 1 2 3 4 5 6
Confusion	0 1 2 3 4 5 6	Sadness	0 1 2 3 4 5 6
"Don't feel right"	0 1 2 3 4 5 6	Nervous or anxious	0 1 2 3 4 5 6
Feeling "in a fog"	0 1 2 3 4 5 6	Feeling more emotional	0 1 2 3 4 5 6
Difficulty remembering	0 1 2 3 4 5 6	Irritability	0 1 2 3 4 5 6
Difficulty concentrating	0 1 2 3 4 5 6	Numbness or tingling	0 1 2 3 4 5 6

Physician Name _____ Date ____/____/____

Physician's Signature

Please contact the WellSport office at (989) 837-9350 with questions or concerns. Follow-up Appointment Date ____/____/____

Athletic Trainer _____ Signature _____

The above patient has successfully completed the RTP protocol on ____/____/____.

MidMichigan Health

UNIVERSITY OF MICHIGAN HEALTH SYSTEM

- **REST** until asymptomatic
- **Graduated** return to play as directed by physician
- Follow-up with physician within 24-48 hours of injury or sooner if symptoms worsen.
- When completely recovered, **written return to play** release required from a health care provider trained in concussion management.

Graduated Return to Play Strategy (RTP)

Stage	Activities	Objective
1. No activity	Complete physical and cognitive rest	Recovery
2. Light aerobic exercise	Walking, swimming or stationary cycling keeping <10% maximum predicted heart rate	Increase heart rate
3. Sport-specific exercise	Skating drills in ice hockey, running drills in soccer. No head impact activities	Add movement
4. Non-contact training drills	Progression to more complex training drills, e.g. passing drills in football and ice hockey	Exercise, coordination and cognitive load
5. Full contact practice	Following medical clearance, participate in normal training activities	Restore confidence and assess functional skills by coaching staff
6. Return to play	Normal game play	

Guidelines for Stage Progression: Each stage is 24 hours in duration. If symptoms return during a stage activity, stop all activity and rest for the entire day. The following day, return to the last stage above where symptoms did not occur and progress accordingly. Each stage should be performed symptom free before progression to the next stage.

1 OR MORE OF THESE MAY = CONCUSSION:

May not appear for MINUTES, HOURS, DAYS or UNTIL CHALLENGED (physically OR mentally)

- Headache
- Pressure in the Head
- Nausea or Vomiting
- Sleep Changes
- Dizziness
